

# Unlisted Shares – FAQs

## 1. What are unlisted shares?

These are shares of companies not listed on any stock exchange. They are traded privately or over-the-counter.

## 2. How can I buy unlisted shares?

You can buy them through trusted intermediaries or platforms like ours that deal in pre-IPO and privately held companies.

## 3. Are unlisted shares safe?

They carry higher risk and lower liquidity than listed shares but can offer high returns if the company performs well or gets listed.

## 4. How are unlisted shares taxed?

Capital gains from unlisted shares held for more than 2 years are taxed at 20% with indexation.

## 5. What happens if the company gets listed?

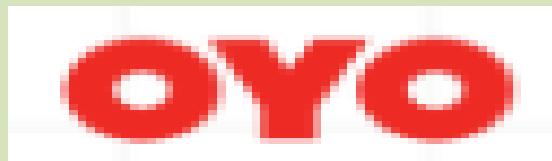

If the company gets listed, your shares may gain significant value and become easier to sell on the stock exchange.
